

# What our pupils have to say about Health & Social Care

“Very enjoyable, learning about the needs for each life stage is interesting. Class is good fun as well.”

“It’s an interesting subject, you learn about important information needed outside of school.”

“The subject gives you a good insight into health and the world around us.”

“I picked HSC because I wanted a job associated with the subject and I enjoy it because I have now completed the exam and can focus on controlled assessment.”

“It’s very interesting and I like how you are learning about the health and development of people.”

“I picked GCSE Food & Nutrition too. The two subjects go very well together, there are lots of links.”

“It is very helpful if you are thinking of nursing, social work or working with children.”

“I want to work with children and the information we learn is very relevant to this.”
